

SKIPPER'S HAT

1971

The Skipper's Hat is awarded only at the Annual Meeting. To be eligible for the Skipper's Hat charm, a Salty Sister who sails regularly in crewed boats shall be proposed for testing by the Skipper's Hat Committee after demonstrating she can perform all positions of crew and helm without direction. Practical tests will be given by at least three members of the committee in varying conditions in two different Sailing Center boats requiring crew. Included are a capsized drill in a 420, proficiency demonstrations, including spinnaker handling, the ability to instruct novice crew in all positions, and an oral test on boat handling, the rules of racing, and safety.
